*We are not a company, but an association where volleyball is placed central. Also we want to bind people. An association belongs to us all and this means that we are committed to the association together. Only in this way can we keep the association running and the contribution affordable.*

*We cannot exist without volunteers. That is why we ask all new members and parents/guardians of youth members if and how they want to contribute. Below you can indicate whether there is a preference for a certain activity/commitment. It is possible that you will be approached by one of our committee members and/or volunteers*

*Whistling and counting at matches of (own or other teams) is not voluntary. Each team is expected to fulfill these tasks.*

### **Contribution and Membership**

*The contribution is determined annually by the GMM. The contribution overview can be found on our website ([www.aetos.nl](http://www.aetos.nl)). The association year runs from July 1 to June 30 the following year. Your membership runs parallel to the association year. The membership is automatically extended if the membership administration has not received notification of termination before June 30.*

### **Student Discount and Gelrepas**

*Aetos gives € 70,- discount on the basic contribution (without surcharges) to players who are in possession of a student card. In addition, students are exempt from registration fees. We also accept the Gelrepas, a municipal scheme that allows people on benefits to exercise more cheaply. However, should this municipal arrangement unexpectedly deteriorate or even expire, our association cannot of course be held liable for the consequences of that municipal decision. For more information, see: [www.gelrepas.nl](http://www.gelrepas.nl)  
If you are in possession of an Arnhem student card or Gelrepas, please enclose a copy..*
